۴	<p>متن زیر را بخوانید و به سوالات به صورت خواسته شده و کامل پاسخ دهید.</p> <p>Before men knew how to make paper, they wrote on many different things like stone, wood and metal. Long ago in Egypt, people learned to use sheets of papyrus, a water plant, to make paper. This was more than 2000 years ago.</p> <p>The Chinese were the first people to make paper like the one we have today. Paper was not known outside china for about 500 years. Early in the seventh century it was brought to Japan. From about 750 A.D, some other Asian countries began using paper.</p> <p>At first, paper was made by hand one sheet at a time. But in 1800 Nicholas Louis who worked in a paper factory invented a new machine to make paper. Today even with modern machines, paper is made by the same process that the Chinese used in the past. There are now more than five thousand different kinds of paper used for many different purposes in addition to writing.</p> <p>55. What are some of the things used to write on before paper invented?</p> <p>56. What did people use to make paper in Egypt?</p> <p>57.
